Azerbaijan has long been famous for its magnificent rugs. Their original designs ornamentation and colors made them very popular in the USSR and abroad. Soviet art students carefully collect designs and ornaments created by Azerbaijan craftsmen.

The Institute of Architecture and Art of the Academy of Sciences of the Azerbaijan Soviet Socialist Republic in Baku has begun to compile a two volume album containing a complete description of ornaments and patterns of Azerbaijan rugs. This work is guided by

Manufacture of the Stalingrader-1 suction dredge has begun this year at the Stalingrad shipyards. Recently it was completed and shipped to the builders of the Kuibyshev hydroelectric station. The suction dredge, produced in a short space of time, is biggest and most powerful in the world. It weighs 640 tons, is 58 metres long. Its pipe-line is 50 metres long. The main electric motor has a capacity of 1,000 kilowatts. The

The wellbeing of the Soviet people is steadily improving and the demand of the population for manufactured goods is increasing.

In the third quarter of 1951, 13 percent more goods were sold to the population than in the corresponding period of last year.

The output of consumer goods has greatly expanded. In 1951, 24 percent more woolen, silk and other fabrics and 35 percent more knitted goods will be sold than in 1950.

Danish Workers Delegation in Odessa

The Danish workers delegation which came to the Soviet Union on the invitation of the All Union Central Council of Trade Unions made a trip to the heroic city of Odessa.

The guests visited the State Opera and Ballet Theatre, the trade-union sanatoriums and rest homes on the black sea coast, the merchant port and the Martyr Shipyards.

Shown here are the delegates inspecting damaged vessels which were sunk during the Great Patriotic War and are now being restored at the Martyr Shipyards.

The Tsel Gorge is located in the central part of the Caucasus range. There are many summits and big glaciers difficult of access in this area. Mountain climbing camps of the Buravestnik, Medik, Salute and Torpedo sports societies have been set up at the Monakh Mountain.

Shown here are mountain climbers of the Buravestnik camp undergoing training in walking with crampons.

Mountain climbing is one of the most popular sports of the Soviet youth. Thousands of workers, collective farmers and students ascend mountains negotiating, often in bad weather, glaciers and sheer cliffs.

The number of young mountain climbers increases with every passing year. Special camps are functioning where beginners are taught the technique of climbing, how to negotiate different obstacles and are trained to qualify for a rating in sports.

The Tsei Gorge is located in the central part of the
